Re: Land at Pontygafel farm

To whom it may concern,

I have offered fields and woodland to the Lammas organisation for sale. There are no buildings for sale.

Yours faithfully

Sue Burke

To whom it may concern,

The situation at Pontygafel is as follows. The house is on the market with garden. The family of Mrs Grimshaw, now Burke, plan to move to the houses on the yard, as per the planning application that has now been approved. Two units that are surplus to the family's needs have been offered to friends.

There are no courtyard buildings or ancillary agricultural buildings available to Lammas.

I hope this clarifies the situation adequately.

Yours sincerely
